As part of each week's Startup Report, Mass High Tech highlights five startup companies and their business goals and provides guest access to their company profiles in the New England Tech Directory. With each week's Startup Watch, Mass High Tech will choose the weekly featured companies by soliciting nominations through a poll of 10 startup companies, with links to their respective websites.

Please choose five startups that you would like to know more about for the January 10 edition of Mass High Tech's weekly Startup Report e-mail by visiting www.masshightech.com/startup-watch.

For guest access to today's directory listings, visit the following companies:

[LeaseDash](#): Founded in 2011, Boston-based LeaseDash is developing a software platform for managing rental properties, collecting rental applications and processing payments.

[On Demand Real Time LLC \(dba LiveClips\)](#): LiveClips provides video content from live sporting events, deliver to an Internet-enabled device. The Stamford, Conn.-based company was founded in 2008.

[Thetis Pharmaceuticals LLC](#): Thetis Pharmaceuticals is developing treatment, including its novel drug candidate TP101, for type 2 diabetes and related chronic conditions. The Southport, Conn., startup launched in 2011.

[Tivorsan Pharmaceuticals](#): Providence, R.I.-based Tivorsan Pharmaceuticals, founded in 2008, is a protein therapeutics firm developing treatment for neuromuscular disorders, including Duchenne Muscular Dystrophy and Becker Muscular Dystrophy.

[Umbie Health Corp.](#): Founded in 2011, Umbie Health of East Hartford, Conn., is a health IT startup with a web-based and mobile practice management application for dentists.
