As part of each week's Startup Report, Mass High Tech highlights five startup companies, and their business goals, that are profiled in the New England Tech Directory. With each week's Startup Watch, Mass High Tech will choose the weekly featured companies by soliciting nominations through a poll of 10 companies, with links to their profiles in the New England Tech Directory. Please choose five startups that you would like to know more about for the March 1 edition of Mass High Tech's weekly Startup Report e-mail by visiting www.masshightech.com/startup-watch.

For guest access to today's directory listings, visit the following companies:

[EnergyClimate Solutions Inc.](#): Founded in 2009, EnergyClimate develops and adapts energy efficiency/cleantech projects for colleges and universities. The company is based in Waltham.

[Madera Energy](#): Cambridge-based Madera develops renewable energy projects. The company was founded in 2008.

[Optiwind Corp.](#): Torrington, Conn.-based Optiwind makes medium-sized wind turbines for schools, businesses and government facilities. The company was founded in 2007.
